Big Blue is BACK!!!

How can we say good-bye to what we had? This is the message that will guide this year's 2008 Cogn Pen. So now... How do we summarize our time at Central High School? Incredible to say the least. The time here has served us well as we venture into a world full of surprises and opportunities. Our teachers and parents have warned us about the surprises. They have also prepared us for the opportunities that are before us. This school year was bittersweet. Last year we said good-bye to many people who have

guided us. So we still say thank you. This year, we welcomed Mr. Baraka and many new individuals into our Blue Devil family. The Class of 2008 will be closing down "Our Lady on the Hill." Central High School has been at the current site since 1911. Our school will relocate and Central High School will usher in a new era for all Blue Devils. So, for now we will say "Good'Bye," "So Long!!!," "Peace," "Stay Up!!!," and "Farewell" to our Lady on the Hill.

Class of 2008.

How do I say goodbye to what we had?

Yesterday

Do you remember walking into Central High School for the first time? Do you remember complaining about the time? Do you remember the uncertainty about our lives? Yesterday is gone, but the time was well served.

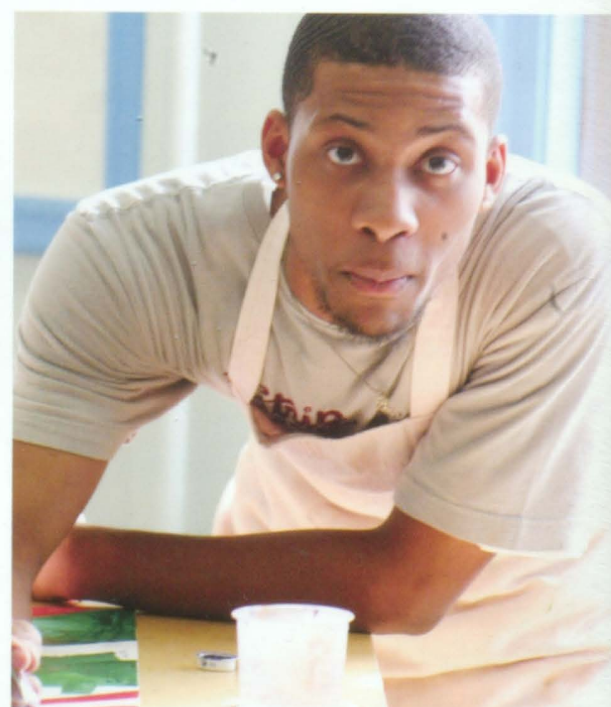

Today

Do you remember the start of our school year in September 2007? Taking classes at Essex County College -we are almost college students! Do you remember taking the SAT, applying for college or better yet -opening your acceptance letter to college.

Tomorrow

Will you remember Central High School -Our Lady on the Hill, built in 1911? We closed this building down in 2008. Will you remember the great times we had and the good friends we've made. 2008 will be our year and our memories will be here.

We must continue to cherish the moments that we shared at Central High School. In doing so, we do not say good bye, but so long, til next time, see ya soon, etc. Big Blue will forever be in our fondest memories when we reflect back on the best times of our lives.

The Seniors Speak

Wow! I don't know where to start. All I can say is I've had lots of fun and I will always remember Central High and the wonderful staff. Congrats to all my fellow 2008 students. We did it!
-Jennifer Diaz

My 4 years at Central HS were good years. Sorry to say that I am leaving, but it's time now to move on with our lives. Maybe I will comeback and vist.
-Tantanisha Anderson

I wish the best to all of my classmates. And, remember, "Let the choices you make today be the choice you can live with tomorrow."
-Brittany Ransome

...if it was not for Central High School, I would not be heading to college. I am happy to leave because there is much more to accomplish in life. Good-bye Central High.
-Antwuan Cook

I will not say good-bye -for good-bye is forever. Instead, I will say good luck and take care because I know in the future we will meet again. I will miss my friends very much, but I will try to stay in touch. So... see you soon.
-Sonya Velastegui '08

How can I say good-bye to a school? To a school that I was not doing well in, but still gave me many opportunities and chances to become greater. I say "good-bye."
-Kenyatta Hawkins aka K Slick

I love the whole Class of 2008. I hope that you all will be successful and I will see you at the Class Reunion!
-Tanisha Naylor

A MESSAGE FROM THE CLASS OF 2008 CLASS PRESIDENT

How can I say good-bye to a school that I never wanted to step foot in, but made me half of the person that I am today? How can I ever think of saying bye to the school that exposed me to so much... That allowed me to go above and beyond my potential. I guess every good thing must come to an end and my end has finally come. After all, I still have not found a way to say good-bye.

-Fatima Nieta Burton
Class of 2008 -Class President

They say that you should never say "Good-bye." So, in this case, I will see ya later.
-Morgan Jacobs

Mr. Ras Baraka

To the Class of 2008:

You are my first Central High School graduating class! It has truly been a pleasure. I will never forget you and I am sure that you will never forget the experiences you had over the past four years. Hold on to these experiences and collect many more. Use them to inform your travels, and to measure your success. And understand that success is not measured by how many things you gather, but how many people you help along the way. You have been born in an opportune time. There is much happening in the world and many people are waiting for your arrival so you can get involved. Remember you are beautiful on purpose! And the world is because you were and will be because you are...BIG BLUE!!!

To the Class of 2008:

It has been an honor to serve as your guidance counselor for the past two years. OK Kids Close Your Eyes

One of the fun things about Mr. Devoe's class was the way he made characters come to life. I think we were reading the Jack Nicholson story here.

Many people came to the game to watch team... Many came to watch this guy yell at the team.

We can never forget when Mr. Lewis came out to help us kick off our HSPA Rally. I think he did a split or something.

OK Teachers....

Now we realize how silly we look at times. You guys win!!!

Let us pray...

...OK. Let's try that!

STOP!!! Swing that

Yeah, Yeah, Yeah, Yeah!!!
Yeah, Yeah, Yeah, Yeah!!!

May I help you. Mrs. Scipio never has to say a word. She taught us English with her eyes.

Senior Moments

Have you ever been around Mama Yates? If you listened to her closely, you heard her discuss having a "Senior Moment." We have also had many "Senior Moments" during this school year. Thank you Momma Yates for teaching us about "Senior Moments" as we will cherish them all forever.

DAZE DREAM by Jordon Barno '08

Dream

A vision can't be seen

A subconscious thing

Dream

I have a dream

What was it peace, safer streets, hater free

Nah that's Martin Luther King

Whole Montgomery striving for equality

I'm talking bout a dream

Not something foreseen

For me adn the entire generation

It's a dream

Claim my place, save my space

for the future, not just 2day

Keep my space freaks on myspace

Try to make a place for my space

So I gotta pump my brakes, drive slow like Kanye

You can't fly in my sky

Breathe the same air, bout you couldn't breathe what's on my mind

All about living to the fullest wanting to turn back hands of time

Bi I gotta dream

Whether it's getting a j-o-b or writing rhymes

Kay I die, realized my dream is no longer alive

Feed it life

Keep love ones trapped inside

SR. MOMENT..

Just think ... In a few more months, NO MORE FREE LUNCH!

If we are not smiling, it is because we were thinking about SRA. We weren't done yet

Now you know... I've been holding this same smile all year. I have had constant senior moments because our lives are about to take off. So, if you want to know why I've been soooooo happy all year.... It's because we are getting out of HERE!!!

I won't be yawning next year. I will be sleeping until noon. EVERYDAY!!!

◀ I really don't know what I am going to say when I make my Valedictorian Speech... L.I.B.

◀ Girl... we are almost out of here. Do you think the world is ready for people under who are not 5 feet tall.

▶ We've had Sr. moments all year. We've been acting like two old people.

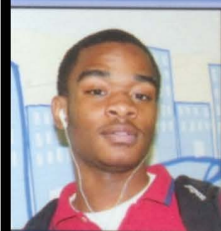

◀ Do you think we will be able to wear these nice clothes to work?

We'll See!!!

▶ I wonder if I should stay behind so I can graduate from the new building.

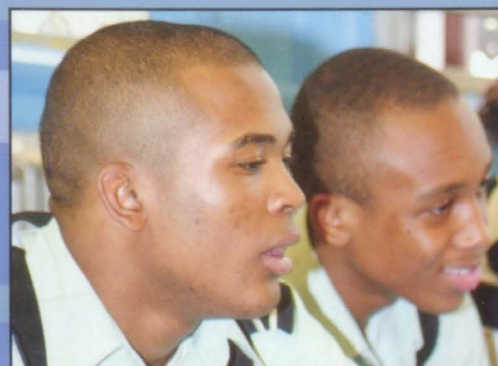

▼ I know I was new around here... but I really blended in well. I am a bonifide Blue Devil.

◀ Wow... What am I gonna do with my hair next year this time? I hope they don't think I'm cutting it.

▲ Nasir Jones -The Man... stays on the move. He was suffering from Senioritis during this picture.

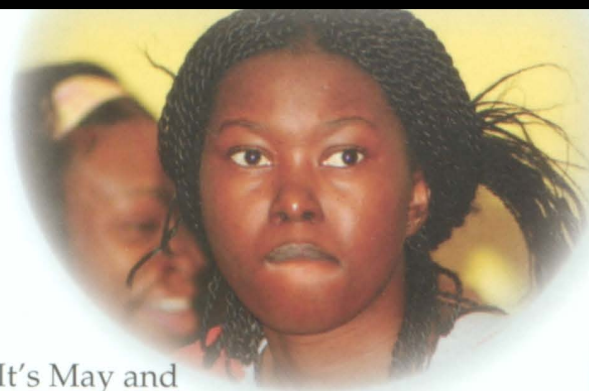

◀ Listen... I am not going to the military man. I loved JROTC, but after this year, I am going to a college.

Ya Feel Me!

Yo.... I am really
that dude. Right?

YEEEEAAHHHH!!

Class of 2008

Wow... It's May and
I still don't have a
prom date. What
should I do?

So.... What do you
think? I was definitely
having a Senior
Moment. This was a
good one. Like most.

Jasmine

Hey there... Who are you Ms. Anonymous?
Why must you be so alone? Hiding in the
shadows of death? Why can't you show
your real colors? Come out of the shadows
and speak to me... Tell me where you are...
Who you want to be... Share with me your
pain, sorrows and disappointments. Only
you can help me understand you. Hey
there Ms. Anonymous reveal your self to
the world. Take a look around you. What
do you see? Share with us your joys and
happiness and finest impressions of you.
You want to know who you are? Take a
look in the mirror and you will no longer
be Ms. Anonymous. Now that you know
who you are. Take a look in the mirror and
you will see. Take a look in the mirror and you
will no longer be Ms. Anonymous. Now that you know
who you are, We are all open. I am no longer anonymous.
We are all special, each and everyone of us. But only you
can show others the real you. It's your choice.

Yeah Baby!!! We are scoring this year like it ain't nothing.

Come On... If I'm right, let me know.... Don't have me acting silly for nothing.

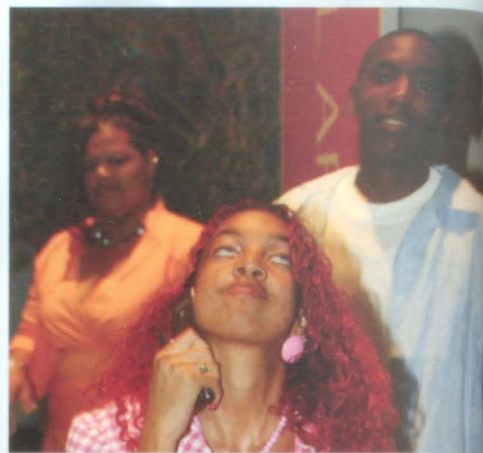

Listen... We should both stay out the halls for a week.

I hope they love me like this after graduation. I will need this to get by from time to time.

We know what you guys are thinking... Where have they been? Well... we've been getting it right... At night!!!

THE CLASS OF 2008 WAS A VERY INTERESTING YEAR, TO SAY THE LEAST. WE GOT A VISIT FROM DR. BILL COSBY... BILL COSBY... YOU KNOW... LIL' BILL, THE COSBY SHOW, DIFFERENT WORLD... IF YOU ARE OLD SCHOOL, "UPTOWN SATURDAY NIGHT, LET'S DO IT AGAIN, I SPY AND FAT ALBERT." WE ALSO HAD CONGRESSMAN PAYNE STOP BY DURING OUR FRESHMEN OVERNIGHT. HOWEVER, THE YEAR WAS MADE INTERESTING MOSTLY BECAUSE OF US... BIG BLUE WAS PUT ON THE MAP AND AS WE SAY GOODBYE TO OUR OLD BUILDING AND HELLO TO THE NEW, WE WILL REMEMBER HOW WE TURNED IT UP FOR YEARS TO COME.

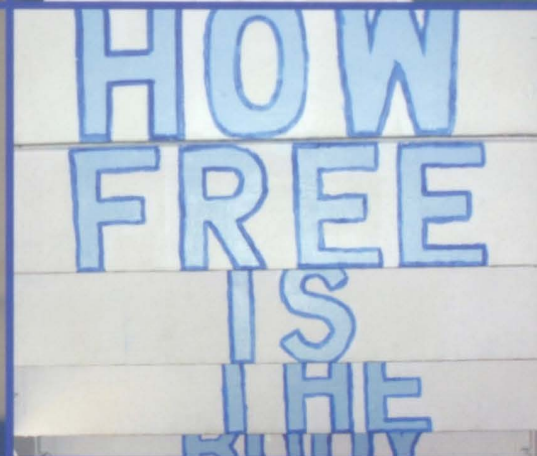

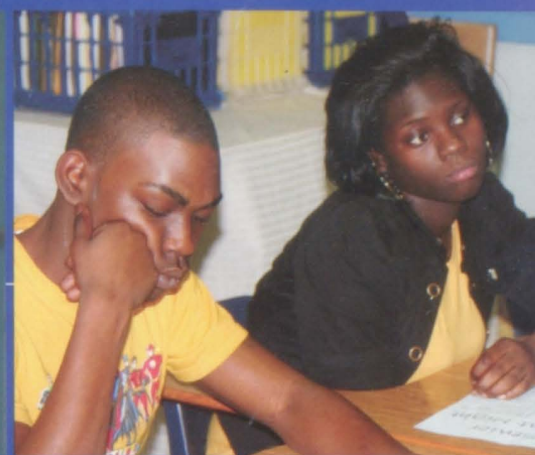

BIG BLUE... YOU KNOW!!!

During the 2008 school year, we discovered that we had many chess champions, poets, dancers, models, writers, debaters, athletes, and scholars in our company. Now, we must continue to lean on one another so that we can share our talents with our peers... go to school (college, trade, etc.), improve ourselves even more and return to our community to give back. This is the year that we refused to be labeled by others... We created our own label and now we must live by the attributes that we ascribed to ourselves.

Dear Class of 2008,

At the beginning, the distance seems like walking from the East Coast to the West Coast. At last, we have arrived at our destination. The road to success is a

Discovering who I am was the hardest test I've ever faced. When I started high school, everyone else was who I wanted to be. The way they walked, the way they spoke, and even the way they dressed was what I tried to imitate. Then one day, I was in my room watching television and I saw Tyra Banks. She was talking to a young lady who was just a few years older than me about self-esteem. Tyra has the ability to rise above other people opinions and be true to herself which is the very reason she is successful today. With numerous accomplishments.... she is walking proof of how a little courage, strength, determination, and a lot of confidence can go a long way.

How Do I Say Goodbye?

A Dream

It's not only what goes on in the
back of my brain
When I sleep at night
It's deeper than that
It's where I want to be in this thing
we call life
Determined to become the best
I can be
I have a dream, a goal
I am strong, determined and
bold
I have a dream no matter the
weather
Summer time, rain, or cold
I have a goal to become the best
I can be
No one can stop me
Without a dream I am not me
I dream for you, I dream for me
My dreams are not off the wall
But this dry reality
A dream for me, a goal for you
I am determined to make my
dreams come true.

"I am beautiful on purpose." Ras Baraka

As a child, I remember people telling me that I look just like my momma; I have her nose, and eyes. I can truly say that my personality, stubbornness and determination came solely from my sister. You know the saying "stubborn as a mule." Whoever made that saying must have just met and talked to my sister. She refuses to take no for an answer and uses her determination, stubbornness and perseverance to succeed in life.

On December 21, 2007, the Class of 2007 hosted a "Flashing Lights... Lights... Lights... Fashion Show." The event was a success as we continued to show the students, school, district, and world that the Class of 2008 will be a hard class to follow.

I Am

I am beautiful on purpose.
I come in many shades and styles.
I am outstanding
From the way I walk to the way I talk
I am intelligent
And
I can do whatever I put my mind to
And create whatever I think of
I am already a success
Because I study, I learn, and I work hard
My school needs me
My family needs me
And my community needs me
I will let nothing or no one stand in my way
I am the faith my ancestors prayed with
I am the change my people hoped for
I believe in myself
I trust in myself
And I owe it to myself to be the best
Because I know the best thing in the world to be is me
Knowing
The world is because I was
And it will be because I am!

TAKE A KNEE... DURING A TIMEOUT, COACH DURHAM RE-ENERGIZED BIG BLUE AS THEY WORK TOWARDS A HISTORIC WIN IN MANVILLE, NEW JERSEY. CONGRATS AGAIN TO THE TEAM, COACHES, FANS, ETC. DEFINITELY A GAME TO REMEMBER.

A Day to Remember

The Day -Monday, Sept. 10, 2007.
The Place... Manville, NJ.
The Team -2007/08 Central Blue Devils.
The Goal... WIN.

Sr. Musa Kamara is elated as his team defeats Manville in the Blue Devil's 1st win in loooooooooooooong time. The game was great. The coaching was superb. The players were united. The win ushered in change as Big Blue's attitude towards everything relating to the school took a dramatic change for the better.

After each game we meet for a discussion about the game. The meeting above is after our first win in a while. So, quiet naturally, it was emotional, engaging and full of praise.

Bowling, football, basketball, etc... Central Pride has always been a large part of what we at Central High School. Blue Devil fans are the best in the land.

Our new boxing program will ensure that we all become **HEAVEYWEIGHTS** in whatever we decide to do in life.

“

The athletic program at Central HS is an important part of the Big Blue culture. We learn leadership, teamwork, and how to respond to diversity.

Like many team sports, Basketball is about interdependence. Everyone has a role to play... some large, some small, all of these components, once exercised collectively results in wins for the team.

To carry out the plan, Active Listening is important. Coach McCray is seen giving instructions to the Big Blue Squad as Asst. Coaches -Gifted and Darnell look on to assist.

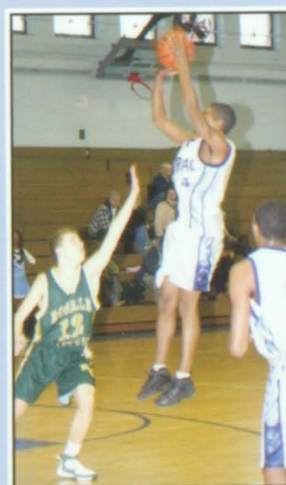

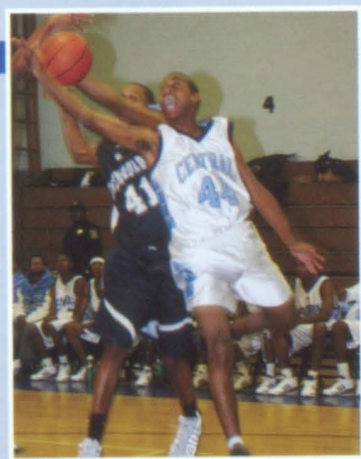

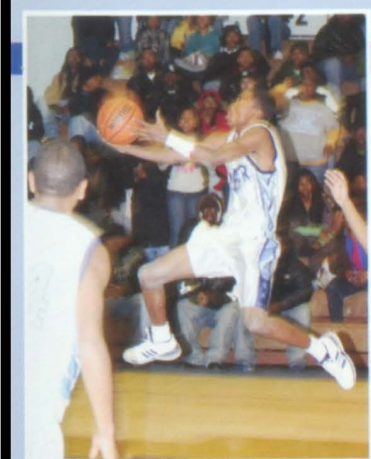

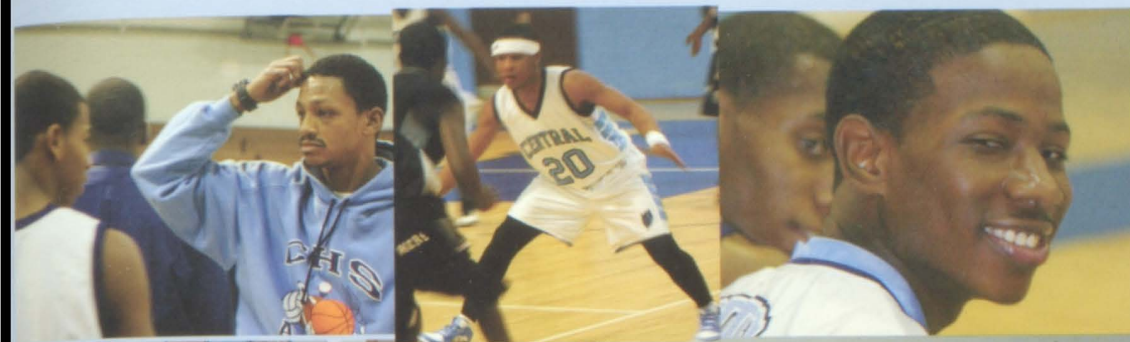

Senior Christopher McKenzie takes a break during a game played at Central High School. McKenzie was one of the great contributors of the 2007-2008 Central Squad.

Central High School have some of the best "ball protectors" in high school basketball. During a game with Roselle Catholic, it is clear that...

"you can look but you can't touch."

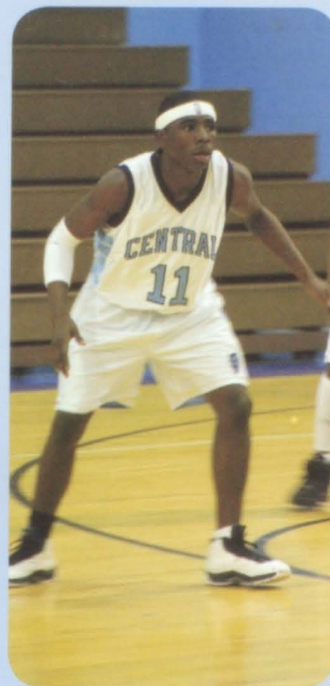

We do just watch the moves of many of the greats... We recreate them, perfect them and we the time is presents, we use them .

Khalif Williams shows a Roselle Catholic player that his arms are just "too short to box with god."

Just before the Cental High School Pep Rally, the 2007/08 Team takes a picture prior to being introduced to the school.

Sr. Jalal Williams is on the move. Believe it or not, Central HS and basketball are synonymous with "Speed!"

In many sports, the Number 1 is very very important. Whether it is related to the team, the goals or winning...

...it is key to play as one team. That is the principle here at Central High. Big Blue!!!

COACH DIN

The 2007-2008 Central Blue Devil Basketball Squad continued its growth this school year. With only one senior (Najah Watson), the team will definitely move forward together in the next few years.

Under the leadership of Coach Din, the young ladies of Central High School have been learning how to work and play together. We will see how well they mesh in the next school year.

DURING A MUCH NEEDED BREAK, THE PLAYERS RE-GROUP, RE-ORGANIZE, AND RETURN THE FLOOR.

Senior Najah Watson always knew the meaning of "HUSTLE." No matter the sport or activity, she always gave %100.

restling is a sport of endurance, planning, and patience. Central High School boast a team of dedicated individuals from all grade levels. Below are seniors: Jamal McKinley, Kevin Toto, Musa Kamara, and Christopher McLean. This is one of the many sports that they enjoyed at Central.

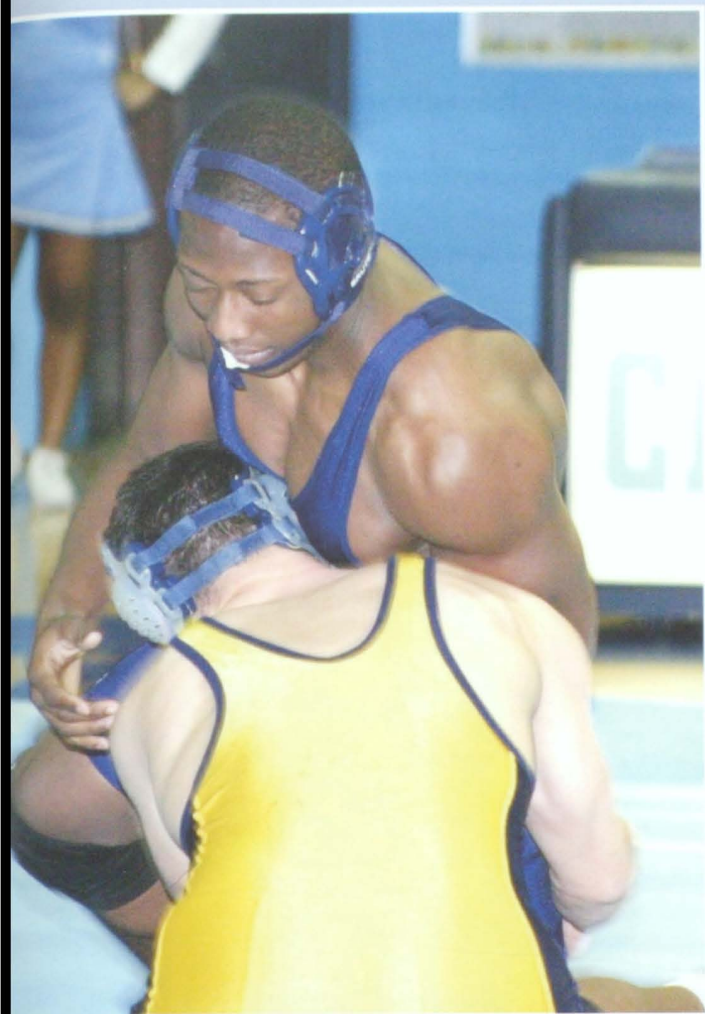

"It's good to go out and entertain these people, and you've got them on the edge of their seat, they're standing up. Then you know that you've done your job, you've entertained them. My way of entertaining them is going out and wrestling. Everyone's got their different ways."

unning takes a lot. It's an activity that requires one to proceed thru a race and to the finish line. This page is full of quotes from many who also enjoyed running. Read them, take heed to the messages and run, jog, trot, or walk real fast.

"I always loved running...it was something you could do by yourself, and under your own power. You could go in any direction, fast or slow as you wanted, fighting the wind if you felt like it, seeking out new sights just on the strength of your feet and the courage of your lungs." - Jesse Owens
